Where rights secured by the constitution are involved, there can be no rule making or legislation, which would abrogate them. Miranda versus Arizona 384 U.S. 436, 125.

on taxation:

No taxation slavery contract or the stealing of labor, voluntary or involuntary converting the ownership into title, this action is 'identity theft' by conversion, embezzlement, a statutory offense, not a common law crime; the fraudulent appropriation or conversion by an agent, 18 Am J1st Embez 2, the word includes misappropriation of trifling.

On April 4 1985 tax evasion Huntsville Alabama, created on secrecy by executive memorandum form the office of the commissioner of internal revenue 'Roscoe L. Egger, Jr.': every tax paid into the treasury since 1913 is due and refundable to every citizen and business. This invalidated, abrogate Buck Act of 1940, the united states of america constitution 16 amendments, the title 24 code for federal regulation, part 5 subpart F (section 5.609), also included but not limited to code of federal regulations title 26 internal revenue.

On February 10, 1939, 53 Stat. 1 ch. 2 sec. 4 (ref: internal revenue code 39, page 1) sec. 4. repeal and savings provisions forced and effect on the 2nd day of January 1939 (1) permanent nature, (2) I.R.C. 1939, 26 U.S.C. 'repealed', no act of the Congress, U.S. government to reenact has been found including but not limited to subtitle A the income tax code.

on fraud:

Intentional fraud: is the deliberate withholding of information to cause one to act to their detriment. United States versus Linda Wall, United States District Court, Central District of California, Western versus (Los Angeles) case number 2:04 cv 05325ddp-man and 2:03 cv 08406ddp-man, dismissed without prejudice.

Title 18, part 1, chapter 13 section 241 of united states codes of law: no persons shall conspire to injure, oppress, threaten, or intimidate any person in any state, territory, commonwealth, possession, or district in the free exercise or enjoyment of any right or privilege secured to him by the constitution or laws of the united states, or because of his having so exercised the same, or... no persons shall go in disguise on the highway, or on the premises of another, with the intent to prevent or hinder his free exercise or enjoyment of any right or privilege so secured, said attempt shall be fined under this title or imprisoned not more than ten years, or both; no acts violation of the law shall be attempted.

Title 18, part 1, chapter 13 section 242 of united states codes of law: whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any being in any state, territory, commonwealth, possession, or district to the deprivation of any rights, privileges, or immunities secured or protected by the constitution or laws of the united states, or to different punishments, pains, or penalties, on account of such person being an alien, or by reason of his color, or race, that are prescribed for the citizens, shall be fined under this title or imprisoned not more than one year, or both; and if bodily injury results from the acts committed in violation of this section, or if such acts include the use, attempted use, or threatened use of a dangerous weapon, explosives, or fire, shall be fined under this title or imprisoned not more than ten years or for life, or both, or may be sentenced to death.

Title 18 section 1001: false statements. Title 18 section 1341: mail fraud — SSA 16-page package mails, BNC# 26F0415E55710. Title 18 section 1951 (Hobbs Act): extortion — SSA threat "we may stop your benefits" extorts under color of official right through fear. Title 15 section 1692e: false and misleading statements in commercial fraud. Fraudulent conveyance of the language title: 18 U.S.C. 1001.

Title 42 section 1986: action for neglect to prevent — government officials who know rights are violated and fail to act are liable. Title 15 section 78ff: failure to file correct documents.

Fraud vitiates all: "fraud vitiates the most solemn contracts, documents, and even judgments." United States versus Throckmorton, 98 U.S. 61 (1878). The document is void ab initio.

on the stamp and postal mechanism:

The stamp is the single most powerful mechanism of the Fiction's control system. When the Living affixes a stamp to a document, the Living is voluntarily entering into a postal-contract with the federal government. The stamp is money — a postal-contract that states: "I am using federal services and therefore acknowledge federal jurisdiction." The Fiction requires stamps on all sovereign documents — the stamp captures the Living into the corporate venue.

The sovereign can use the same mechanism in reverse: by affixing a stamp with the sovereign autograph and red-fingerprint, the Living creates a sovereign-postal-contract that establishes standing under the UPU rather than under the Fiction's corporate system.

The Postal Reorganization Act 1970 (39 U.S.C. 101) converted the Post Office from a government department to a private corporation — the USPS. Emergency Military Stamp Script was the Federal Reserve Note's original classification — not "lawful money" but military stamp script issued under emergency powers.

The 70-year bankruptcy cycle: 1789 to 1859 to 1929 to 1999. Each cycle represents a bankruptcy reset where the Fiction's debt-system collapses and must be reconstituted. Hawaii 1871 is the template: the Kingdom of Hawaii was the first nation converted from sovereign entity to corporate instrument through the postal system. Every government became a corporation, every citizen became a commodity, every Birth Certificate became a postal-contract with the UPU.

on the Moses architecture and the Vatican's lie:

The Moses Architecture is the thief architecture. John 10:10: "The thief comes not, but to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly." Two architectures: the THIEF architecture (steal/kill/destroy = force) and the LIFE architecture (life more abundantly = choice). The SSA operates under the THIEF architecture — force, compliance, no consent. Force = steal/kill/destroy = the thief.

The Vatican's Lie is the same grammatical fraud as the SSA: the NAME says one thing but the ARCHITECTURE operates another. NAME does not equal FACT. The SSA says "disability" (a medical condition) but operates "disabled" (a legal status). The SSA says "benefits" (gifts) but operates "discharge obligations" (HJR-192). The SSA says "you" (the Living) but addresses a "person" (a fiction entity). NAME does not equal FACT. This is the core grammatical fraud.

The Vatican adopted Jesus' NAME over Moses' ARCHITECTURE. The Fiction adopted "United States" (sounds sovereign) but operates as a private corporation (28 U.S.C. 3002(15)). The Fiction adopted "benefits" (sounds like gifts) but operates "discharge obligations" (HJR-192). The Fiction adopted "you" (sounds like the Living) but addresses a "person" (a fiction entity, a speaking tube). NAME does not equal FACT.

on the Cestui Que Vie Act 1666 and presumption of death:

The Cestui Que Vie Act of 1666 made all persons dead at birth to protect their property. If the Living abandoned the estate, cast beyond the sea, lost at sea, dead to the world — the state claims the estate. The Birth Certificate is the instrument of this presumed death. The SSA addresses the Living as a "person" — a dead fiction entity, not the Living. The SSA's 16-page document presumes the Living dead (capitis diminutio maxima) and administers the estate of the dead entity.

Presumption of debt is intentional fraud. Presumption of dead is human trafficking. The ALL-CAPS name on the SSA document is the dead entity's name — not the Living's name. ALL-CAPS = VOID (dead fictitious entity). Lower-case = VALID (Living). The ALL-CAPS name is the Fiction's property. The lower-case name is the Living's property. The Living does not answer for the dead entity.

The Nom de Guerre (N.D.G.) — Name of War. 26 CFR 301.7701-7(a)(1)(ii). Every document using ALL-CAPS is a war document. The SSA's 16-page package is a war document.

on banking:

United States central bank legal tender: are evidence of debt not income. Hegeman versus Moon, 131 N.Y. 462, 30 N.E. 487, Smith versus Treuhart, et al., 223 N.Y.S. 481.

In Westfall versus Braley, 10 Ohio 188, 75 Am. Dec. 509: 'bank notes are the representative of money and circulate as such, only by the general consent and usage of the community.'

The United States, as defined in 28 USC 3002(15), is bankrupt on the authority of Perry versus United States, 294 U.S. 330-381; Federal Reserve Act of 1913, 38 Stat. 265, Chapter 6. Lewis v. United States,

680 F.2d 1239 (9th Cir. 1982): Federal Reserve Act is private law not public law nor public policy. Diversified Metal Products v. T-Bow Trust Co. (D. Idaho, Civil No. 93-405-E-EJL): IRS not part of the government. Federal Reserve System and its twelve member banks are private corporations not a party to the constitution.

on the fraud from the origin:

1452 (Dum Diversas — Vatican authorizes slavery of Moors). 1455 (Romanus Pontifex — Vatican grants perpetual slavery of Africans). 1620 (Mayflower — Albion invaders arrive on Moorish land). 1776 (Declaration of Independence — Albion corporations declare independence from Britain, not from the Moors). 1787/1836 (Treaty of Peace and Friendship — Morocco recognizes the United States, but the United States does not recognize the Moors' sovereignty over the land). 1857 (Dred Scott v. Sandford, 60 U.S. 393 — supreme court holds Negroes not citizens). 1868 (14th Amendment — creates "persons" to continue enslavement by reclassification). 1913 (Federal Reserve Act — private control of currency). 1933 (HJR-192 — gold standard abrogated, all obligations converted to discharge). 1933 (Resolution 75: Journals of the House of Representatives, April 17 — Moorish American Society). 1939 (Act of February 10 — internal revenue laws repealed). 1985 (Egger memorandum — all taxes since 1913 due and refundable). 2021-2022 (H.R. 25 — 117th Congress repeals income tax, abolishes IRS). 2026 (SSA Continuing Disability Review — BNC# 26F0415E55710 — the modern iteration of the original fraud). The fraud is continuous. The fraud is from the origin.

on compelled benefits:

The Living does not accept any actual or implied liabilities associated with any compelled benefits of any unrevealed or deceptively-imposed commercial constructs. The SSA's "benefits" are compelled benefits — not voluntary. Compelled benefits are extortion under 18 U.S.C. 1951 (Hobbs Act). The SSA's "benefits" are discharge obligations under HJR-192 — not gifts. The SSA's threat to "stop your benefits" is a threat to withhold what HJR-192 mandates be discharged. The Living refuses compelled benefits. The Living refuses fictional person status. The Living refuses the SSA's jurisdiction.

on Dred Scott and the 14th Amendment reclassification:

Dred Scott v. Sandford, 60 U.S. (19 Howard) 393 (1857): the supreme court held that Negroes — whether held to slavery or free — were not included and were not intended to be included in the category of citizen (subjects) of the Union States Rights Republic. The 14th Amendment later created "persons" (fictional citizens of a corporate United States) to reclassify the Living into a category the Living was never intended to occupy. The 14th Amendment is a reclassification fraud — it converts the Living (de jure heir of the land) into a "person" (de facto fiction entity) without the Living's consent. The Living is not a "person." The Living is a de jure heir by birthright, by freehold, by primogeniture, and by inheritance.

on the Acts of State doctrine:

Every Sovereign State (People) is bound to respect the sovereignty of other States. The Moorish National Republic Federal Government is a sovereign state. The SSA, as a de facto corporation (28 U.S.C. 3002(15)), is bound to respect the Moorish sovereignty. The SSA's failure to respect Moorish sovereignty is a violation of the Acts of State doctrine. Articles III, IV, and VI of the American Constitution Covenant of 1774-1781. Resolution 75: Journals of the House of Representatives, adopted for the United States — April 17, 1933 — Moorish American Society.

lawful:

Court: (co):(ur):(t), the executor office is the 'court' as the sovereign is in equality. "The sovereign with their real retinue wherever they may be is the executor office." Executor office always deals with the administrative office, because the executor's office is a court. It is an administrative office, but it is a judicial office also. Black's Law Dictionary 4th edition definition.

The sovereign land+gauge: for our land is ancient English, ancient Phoenician, and Moorish Latin. All sovereign nations and governments chosen land+gauges shall be honored.
